

For more information and for suggestions on how to make your home more energy efficient, call your local Touchstone Energy Cooperative.

Receive a FREE CFL!

Bring 5 or more nonperishable food items to Eau Claire Energy Cooperative between February 15 and March 31, 2010 and we'll give you one FREE energy saving CFL bulb.

Please, only one CFL per member family. Deadline is March 31 or when the limited supply runs out, whichever occurs first. Food to be donated to Feed My People Food Bank.

AND GET A FREE CFL

Bring in a food donation... and get a free CFL

Your local Touchstone Energy® cooperative is encouraging members to “do the bright thing” by making energy efficiency a priority in your home. By replacing your current incandescent bulbs with compact fluorescent lights (CFLs), you can reduce your energy use and help the environment by decreasing the need for more power generation.

As an added bonus, we are also asking members to bring in 5 or more non-perishable food items to help support local food pantries via our **CFL Food Drive** this month. For contributing to this community project, you will receive a free CFL from your cooperative.

Although many in our area gave generously to food pantries during the holidays, by early March shelves at local pantries are often empty once again. *Concern for Community* is a cooperative principle that needs to be practiced all year-round.

Do the Bright Thing... by doing the RIGHT thing!

ENERGY STAR qualified CFLs use about **75 percent less energy** than standard incandescent bulbs and last up to **10 times longer**.

By installing CFLs in fixtures that are used the most in your home, you can save approximately \$30 or more over the lifetime of each bulb.

Energy efficiency savings abound in 2010

Take advantage of our 2010 Rebate Program as well as government “stimulus bill” incentives when buying appliances or making other energy efficient upgrades to your home.

For more information, call your local energy cooperative. Visit www.togetherwesave.com for tips on creating an energy-efficient home.

Help us
be a good
neighbor. . .

Help us be a good neighbor... and get a free CFL

Your local Touchstone Energy® cooperative is committed to helping you brighten your home and save money on your energy bill at the same time with energy-efficient compact fluorescent lights (CFLs). By replacing your current incandescent bulbs with CFLs, you can reduce your energy use and help the environment by decreasing the need for more power generation.

We encourage our members to “do the bright thing” by making energy-efficiency a priority in your home. As an added bonus, we are also asking members to bring in a non-perishable food item to help support local food pantries via our **CFL Food Drive** this month. For contributing to this community project, you will receive a free CFL from your cooperative.

Although many in our area gave generously to food pantries during the holidays, the fact is that by early March, shelves at local pantries are often empty once again. Concern for Community is a cooperative principle that needs to be practiced all year-round. Let's help the many struggling families in our area neighborhoods by participating in this food drive.
