SINGLE OR THREE-PHASE SERVICE - ANNUAL AVERAGE DEMAND

Availability

Available under established rules and regulations to any non-residential customer for single or three-phase electric service. Determination of feasibility and availability shall be made by the Cooperative for each request for electric power supply to loads in the Cooperative's service area. Once the customer's 15-minute measured demands are equal to or greater than 300 kW for at least 4 of 12 months, the customer will be transferred to the applicable demand-based rate. A contract will be required for each such service which establishes conditions of service.

Type of Service

Single or Three-phase, 60 hertz, at available primary or secondary voltages, as measured through one meter where total customer demand is less than 300 kilowatts.

Rate: The monthly sum of;

Monthly Service Charge	\$42.00
Seasonal Demand Charge	
<u>Winter</u>	\$9.72 per kW per month
In the billing months of November through April for the highest kW demand each month	
<u>Summer</u>	\$12.52 per kW per month
In the billing months of May through October for the highest kW demand each month

Energy Charge All kWh used at	\$0.0582 per kWh
Energy Charge Credit per Month All kWh in excess of 400 hours times the highest kW demand	\$0.0075 per kWh
Power Cost Adjustment	Schedule PCA per kWh
Minimum monthly charge	Fixed Charge plus Demand Charge

Taxes

Wisconsin Sales Tax and Local Tax additional where applicable.

Power Cost Adjustment

A power cost adjustment will be included in all monthly billing as defined by ECEC's current rate schedule PCA.

Terms of Payment

All meters are read monthly by the automated meter reading system or by the Cooperative's personnel. Payment is due when the bill is received. In no circumstances will the cumulative time before notice of disconnection be less than 20 days after the date of issuance of the bill and an account may be deemed delinquent for the purpose of disconnection after such period has elapsed. A late payment charge of 1% per month will be added to utility bills not paid and credited prior to the succeeding monthly billing.
