What's It All About?

The Eau Claire Energy Cooperative's new Youth Ambassador Program is an exciting program designed to help young people learn first hand many leadership skills necessary in life. Students will also learn about cooperatives, energy issues and take part in community service projects. Eight monthly meetings are scheduled from September through May (no meeting planned during the month of December). Most meetings will take place at the Eau Claire Energy Cooperative headquarters. It's a great way for students to interact and work with one another by examining the business operations of a cooperative. Here's what you get to do as a Youth Ambassador:

- ▶ Learn about cooperatives and how they work
- ▶ Examine energy issues
- ▶ Visit renewable energy facilities
- ▶ Polish your leadership skills
- ▶ Participate in community service projects
- ▶ Gain new friends for life
- ▶ Enjoy great food

"This program is not only influential but it lives back to you in every day life. Plus, the food is AMAZING!"

—Samantha Becker, Mondovi High School
