Flexible Payment Plans To Balance Your Budget

Budget Payment Program

Take the highs and lows out of your energy bills with a budget payment plan. This plan averages your annual usage so that you always know what to expect. The budget payment plan adjusts bi-annually in May and November of each year based on your actual usage.

To set up a Budget Payment Program, you must have a \$0 balance and have lived at your current residence on ECEC lines for 12 months or more.

Auto Pay Program

Pay your energy bill without lifting a finger. Setting up autopay will allow us to direct draft your bill every month on the due date. No fees, late charges, or worries.
