

ELIGIBILITY CRITERIA

- ❖ **NOTE: The incentive amount for this program is \$500.**
- ❖ To qualify for the incentive the home must meet the following requirements:
 - New home must be built on Eau Claire Energy Cooperative's lines.
 - New home must be certified as meeting or exceeding the Focus on Energy New Homes Program efficiency requirements.
 - ✓ Certification must be done by a Focus on Energy Building Performance Consultant. A list of local consultants can be found on the back of this form.
 - **If a storage tank electric water heater is installed in the home, it must be connected to one of ECEC's energy management programs and it must have a Uniform Energy Factor of .88 or greater. An integrated (all-in-one) heat pump water heater (HPWH) must have a Uniform Energy Factor ≥ 2.20 and is not required to be controlled.**
- ❖ Incentives are in place through December 31, 2024, **or until funds are depleted**. Funds are limited and program is subject to change or cancellation without notice, so members are encouraged to submit incentive application as soon as possible.
- ❖ **Submit the documentation listed below no later than 3 months after certification, or by December 31, 2024, whichever comes first. Homes certified in 2024, but not requesting an incentive until 2025 may qualify for a 2025 incentive, provided there is an incentive available at that time.**
 - ✓ This Incentive form
 - ✓ Documentation that shows the home was certified as meeting or exceeding the Focus on Energy New Homes Program efficiency requirements (Focus on Energy New Homes Program Certification Workbook)

Submit required documentation to: Eau Claire Energy Cooperative PO Box 368 Fall Creek, WI 54742-0368
