Subject: Rate Schedule T&V – Off-Peak Interruptible Service

Effective: January 1, 2022

A. Availability

- i. Available to any member who also takes service under a firm service rate schedule and is willing to accept part of that service restricted to interruptible use.
- ii. A special circuit separately metered and radio dispatched shall be provided with loads permanently wired. The Cooperative reserves the right to inspect and approve installations.
- iii. Subject to established rules and regulations of the Cooperative.

B. Type of Service

Single or Multiphase, 60 hertz, at available secondary voltages.

C. Rate

The monthly sum of:

Monthly Service Charge	\$4.00
Energy Charge	
All kWh used October – May	\$0.078 per kWh
All kWh used June – September	\$0.098 per kWh
Power Cost Adjustment	Schedule PCA per kWh

D. Taxes

Wisconsin Sales Tax and Local Tax additional where applicable.

E. Conditions of Service

The member shall furnish, at their expense, a contactor or equivalent equipment compatible with the installation. Any willful violation of the usage constraints which are a part of this rate structure will automatically cancel the application and the consumption recorded under this service will be billed at the applicable General-Purpose Rate, retroactive to the last inspection.

F. Power Cost Adjustment

A power cost adjustment will be included in all monthly billing as defined by ECEC's current rate schedule PCA.

G. Terms of Payment

All meters are read monthly by the automated meter reading system or by the Cooperative's personnel. Payment is due when the bill is received. In no circumstances will the cumulative time before notice of disconnection be less than 20 days after the date of issuance of the bill and an account may be deemed delinquent for the purpose of disconnection after such period has elapsed. A late payment charge of 1% per month will be added to utility bills not paid and credited prior to the succeeding monthly billing.
