**SUPPORT LOCAL  
CLEAN RENEWABLE  
ENERGY THROUGH  
EVERGREEN!**

**New LOWER price  
effective May 1st!**

**For as little as  
\$1.00 per month!**

Renewable Energy from  
Your Touchstone Energy® Cooperative

# EVERGREEN LOWERS MONTHLY PRICE

Now you can support local clean renewable energy at a lower price per month. Evergreen pricing has been lowered from \$1.50 per block to \$1.00 per block on a monthly basis. It's easy!

If you are already an Evergreen subscriber at the old price of \$1.50 per block, the new price of \$1 per block will first be reflected on your May 1-31 energy bill. This gives you an opportunity to purchase even more blocks for your money! To buy more blocks just use the easy form on reverse side or sign up online at [www.ecec.com](http://www.ecec.com).

## FOR ALL THE RIGHT REASONS

### ***What is Evergreen?***

**Evergreen** is a voluntary renewable energy "green power" program available through Eau Claire Energy Cooperative. In addition to your normal electric bill, you volunteer to pay a small additional charge each month to offset the additional cost of renewable energy generation.

**Your investment in Evergreen results in the generation of renewable energy above and beyond the state requirements.**
