MEMBERSOLAR MADE SIMPLE!

PAY AS YOU GO FOR LOCAL, CLEAN RENEWABLE ENERGY

SIGN UP BY DECEMBER 31, 2017

It's MemberSolar made simple!

Now you can support local, clean renewable energy and receive monthly credits on your electric bill with MemberSolar's **Pay as You Go** option. There are **NO UPFRONT COSTS!** The new MemberSolar **Pay as You Go** program allows you to participate in our local community solar project by paying \$20 per month. In return you will receive credits for the production of 1 block of MemberSolar for as long as you stay enrolled in the program.

- 1 block equals the output of approximately 5 solar panels.
- Production from 1 block of MemberSolar is expected to average 2,000 kilowatt hours (kWh) per year through December 2035.
- Monthly credits are based on the current retail rate at the time of each month's billing.
- If electric rates increase, the value of your participation will also go up.
- The \$20 per month per block charge is guaranteed not to go up throughout the lifetime of MemberSolar which is through December 2035. Your rate is locked in.

- Of course, during some months with less sunshine, the production credits may be less than the monthly participation cost. And, in other months with more sunshine, the production credits may be higher than the monthly participation costs.

MemberSolar **Pay as You Go** – It's the right thing to do:

- Enrollment period is September through December, 2017.
- Sign up for as many blocks as you like. However, production should not exceed your electric usage. For help in determining the right amount for your account, contact us. We'll be glad to help.
- There's no contract to sign - opt out at any time.
- Sign up in our office or by phone. Or complete the attached form and mail.
- Sign up now because when they're gone, they're gone. However, we will maintain a waiting list for interested members in case people move out of our service territory or drop out of the program.

The MemberSolar **Pay as You Go** program is great for people who:

- Want to support renewable energy.

- Do not want to pay for, or can't afford to pay for MemberSolar subscriptions upfront.
- Don't want to sign a long-term contract.
- May want to opt out at any time.
- Rent. You don't need to own your home to take advantage of this program.

Questions? Call us at 715-832-1603 and ask about the MemberSolar **Pay as You Go** program.

To sign up, call us or use the form on the back of this flyer. Simply insert the number of MemberSolar blocks you would like to purchase, and the dollar amount to be charged to your account each month, and complete your account information. If you have questions about your electric usage or in determining what may be the right amount for you, please contact us at 715-832-1603.
