Your Touchstone Energy® Cooperative 

## **ELECTRIC RATES**

**Effective October 1, 2025**

***Your Trusted Energy Advisor***

## Electricity Remains a Great Value

In today's modern, connected world, Eau Claire Energy Cooperative strives to provide safe and reliable power at an affordable price. We're proud to serve your needs with competitively priced electricity, responsive member service, and proactive investments in the electric grid—all while maintaining the ability to retire member capital credits annually.

The cost of delivering power has increased to an amount that requires a rate adjustment effective October 1, 2025. Enclosed are the new rates for all member classes. If you have questions about your usage or rate class, please check the second page of your billing statement, log into SmartHub, or call our office at 715-832-1603.

As a not-for-profit electric utility, ECEC passes both costs and credits to members where necessary. Our rates are designed not to make a profit, but to cover the costs of providing power. This rate change is needed despite continued system growth and cost-containment efforts.

As a cooperative, we value your membership, and your concerns are always our main focus. As energy prices rise, it's increasingly important to be as energy efficient as possible. Please visit our website or call our office to learn about energy efficiency or to find out more about energy assistance available to members.

## SmartHub – the mobile way to manage your energy use

About 60% of Eau Claire Energy Cooperative member-owners already use SmartHub to manage and pay their energy bills. Here are some of the smart benefits these members are already experiencing:

- Go mobile- with your Apple or Android device
- View your billing history
- View and easily analyze your electric use
- Identify ways to lower your energy bill
- And, more.

New Electric Rate Design - Effective October 1, 2025 (For more detailed information visit our web site at [www.ecec.com](http://www.ecec.com).)

General Purpose		Rate Codes A	
Monthly Service Charge	\$38.00		
Energy Charge - June-September	\$ 0.13500	per kWh	<u>plus PCA</u>
Energy Charge - October-May	\$ 0.11900	per kWh	<u>plus PCA</u>
General Purpose - Time of Use		Rate Code AT	
Monthly Service Charge - Single Phase	\$38.00		
Monthly Service Charge - Three Phase	\$55.00		
Energy Charge – Summer On Peak 4:00 PM-8:00 PM (Mon-Fri) June-September	\$ 0.37150	per kWh	<u>plus PCA</u>
Energy Charge – On Peak Other 4:00PM-8:00PM (Mon-Fri) October-May	\$ 0.25150	per kWh	<u>plus PCA</u>
Energy Charge – Off Peak (all other hours)	\$ 0.09850	per kWh	<u>plus PCA</u>
Energy Charge Overnight -9 PM - 5 AM (all days)	\$ 0.06550		
Controlled Water Heater Credit		Rate Code W	
Credit	\$ 3.00	per month	per water heater
Controlled Central Air Conditioner Credit		Rate Code AC	
Credit (during June, July, August)	\$ 5.00	per month	per air conditioner
Off Peak Energy Usage - Separately Metered (Dual Fuel and Heat Storage)		Rate Code T & V	
Monthly Service Charge	\$ 5.00		
Energy Charge - June – September	\$ 0.10950	per kWh	<u>plus PCA</u>
Energy Charge - October-May	\$ 0.08950	per kWh	<u>plus PCA</u>
Separately Metered Heat (Rate Closed)		Rate Code H	
Monthly Service Charge	\$ 5.00		
Energy Charge - June-September	\$ 0.13500	per kWh	<u>plus PCA</u>
Energy Charge - October-May	\$ 0.11900	per kWh	<u>plus PCA</u>
General Purpose - less than 50 kW demand		Rate Code R	
Monthly Service Charge	\$55.00		
Energy Charge - June-September	\$ 0.13500	per kWh	<u>plus PCA</u>
Energy Charge - October-May	\$ 0.11900	per kWh	<u>plus PCA</u>
Demand and Energy - less than 300 kW demand		Rate Code CA	
Monthly Service Charge	\$55.00		
Demand Charge - Summer (June – September)	\$14.00	per kW	
Demand Charge - Winter (October-May)	\$10.50	per kW	
Energy Charge - June – September	\$ 0.07350	per kWh	<u>plus PCA</u>
Energy Charge - October – May	\$ 0.06600	per kWh	<u>plus PCA</u>
General Purpose - Peak Alert		Rate Code C	
Monthly Service Charge	\$75.00		
Monthly Demand Charge	\$ 5.50	per kW	
Plus:			
Winter Demand Charge(December-February) - On Peak	\$29.54	per kW	each season

Summer Demand Charge(June-August) - On Peak	\$25.80	per kW	each month
Energy Charge – Summer On Peak 11:00 AM-7:00 PM (Mon-Fri) June, July, August	\$ 0.09600	per kWh	<u>plus PCA</u>
Energy Charge – Winter On Peak 4:00 PM-10:00 PM (Mon-Fri) December, January, February	\$ 0.08919	per kWh	<u>plus PCA</u>
Energy Charge – Off Peak (all other hours and months)	\$ 0.08237	per kWh	<u>plus PCA</u>
Energy Charge - Off Peak Overnight 9 PM - 5 AM (all days)	\$ 0.07218	per kWh	<u>plus PCA</u>
Off Peak Irrigation and Crop Drying		Rate Code N	
Monthly Service Charge - Single Phase	\$38.00		
Monthly Service Charge - Three Phase	\$55.00		
Energy Charge	\$ 0.11150	per kWh	<u>plus PCA</u>

OUTDOOR LIGHTING

Unmetered Outdoor Light - Overhead		Rate Code SL	
Service Charge - Existing location	none		
40-Watt LED Retro	\$12.60	per month	
48 Watt LED	\$ 8.15	per month	
58-Watt LED	\$12.60	per month	
73 Watt LED	\$11.30	per month	
70 Watt HPS (Closed Rate)	\$ 8.15	per month	
100 Watt HPS	\$ 8.15	per month	
150 Watt HPS	\$11.30	per month	
250 Watt HPS (when available)	\$13.85	per month	
175 Watt HgV (Closed Rate)	\$ 8.15	per month	
400 Watt HPS	\$18.00	per month	
Unmetered Outdoor Light - Underground		Rate Code SL	
Service Charge - Existing location	none		
100 Watt HPS	\$12.60	per month	
150 Watt HPS	\$15.95	per month	
175 Watt HgV (Closed Rate)	\$12.60	per month	

See Safety in Action

ECEC does more than keep the lights on—we strive to do everything we can to keep our community safe. Through electrical safety demonstrations, we show the real dangers of electricity and how to stay safe around power lines. Whether it’s for schools, community groups, or local events, these demos offer a powerful reminder of why safety always comes first. Want to bring a FREE electrical safety demonstration to your group? Contact us to learn more!

# Websites offer more energy efficiency ideas

There are numerous ways to make your home and business more energy efficient. Visit these websites for even more energy efficiency ideas and incentives:
