BUSINESS IS BUZZING AT CEDAR BEE FARMS

The Wehlings have deep roots in farming. With a family history of farming that goes back 150 years, Adam Wehling and his wife, Katie, knew that they wanted to carry on this tradition and move to the county to raise their family. After three years of negotiations, they finally purchased a farm just north of Mondovi in 2012 and Cedar Bee Farms was born. The farmer they purchased from was a retired teacher from Mondovi. He had lived on the farm for 70 years. It was an older farm and needed a lot of TLC that the Wehlings were enthusiastic about taking on. Today, Cedar Bee Farms is home to two hives of honeybees, 52 acres of wildflowers, a herd of six grass-fed beef, 500 free-range chickens, and 20 pasture-raised pigs.

Their first summer they started raising chickens as a favor to a friend. Shortly after they added pigs and honeybees, and eventually cows. Adam grew up on a dairy farm, and his family only raised dairy steers. All of the animals the Wehlings raise and the products they produce were a learning experience. They did a lot of research and talked to many experienced farmers.

They learned about the many ways the local farmers sell their products to the public and decided that direct

farm sales and grocery store sales were the best options for Cedar Bee Farms. They have a wide range of products, from fresh honey to specialty sausages, brats, and other pork, chicken, and beef products. All their products can be purchased by appointment directly from the farm or at Festival Foods in Eau Claire and Menomonie Market in Eau Claire and Menomonie.

You may know Adam as the dean of agriculture, energy, construction, and transportation at Chippewa Valley Technical College. Adam says that running Cedar Bee Farms efficiently is similar to running his programs at the college, just on a smaller scale. The knowledge he has gained from his job at CVTC helps him in his business at Cedar Bee Farms and vice versa.

Adam is part of ECEC's Member

Advisory Council. He has been a member of Eau Claire Energy Cooperative for 11 years and a member of Member Advisory Council (MAC) for almost 10 years. Being a part of MAC allows Adam to give input on current programs and services offered by ECEC based on how they work for his family and business. Member Advisory Council members also have a part in determining the future of Eau Claire Energy Cooperative. ECEC is here to serve members. Input from members, such as Cedar Bee Farms, is so valuable to who we are as a cooperative.

Interested in joining Member Advisory Council? Visit https://www.ecec.com/community/member_advisory_council for more information.

Know a member who would be great for a member spotlight? Email tskibba@ecec.com.

HOW DOES ECEC CONTACT YOU?

Help us by keeping your contact information up to date

Eau Claire Energy Cooperative does our very best to keep our members informed. Every so often we will need to contact you whether it is about a billing question or because of routine maintenance happening in your area. Please check your statement to ensure that the telephone number we have on file is correct. Any phone numbers we have will be listed on the tear-off portion on the bottom of your bill. If this phone number is not correct, please log in to your SmartHub app to change it or contact our office at 715-832-1603. You can also view and pay your bills online with the SmartHub App!

smarthub

Manage your account with the SmartHub App!

You can manage your account right from your smartphone or tablet with SmartHub. Make payments, notify member service of account and service issues, check your usage and communicate directly all at the touch of a button. Download the FREE mobile or tablet app in the Apple App Store or Adroid Marketplace.

www.smarthubapp.com

Download today and manage your account anywhere!

PAY YOUR BILL ON SMARTHUB.

The easiest way to pay your bill is in the SmartHub App, although you can pay through SmartHub web, as well. Pay with debit/credit or E-check. It's fast, it's easy and the payment applies to your account immediately.

LOWER YOUR BILL RIGHT NOW!

See your daily electric use on SmartHub through the purple button on our website or through the SmartHub App. Why wait to see your bill and THEN make changes? See your daily use and make changes RIGHT AWAY to lower your next bill.

SIGN UP FOR PAPERLESS BILLING AND AUTO-PAY.

You can sign up for Paperless Billing and Auto-Pay on SmartHub.

Get a notification by text and/or email that your bill is available to view in SmartHub rather than get a paper bill in the mail.

If you would like to have your payment drafted from your checking/savings account or credit card every month, sign up for the Auto-Pay program on SmartHub.

SAVE THE DATE

Member Appreciation Event Saturday, October 7, 2023 • 1–4 p.m.

Join us for a sweet treat at cooperative headquarters our Member Appreciation Event! We're celebrating YOU, our amazing members, with a delightful afternoon filled with coffee, pie, and ice cream. This event is our way of saying THANK YOU for being a part of our incredible cooperative. Your

support, engagement, and positivity are what make ECEC so great. Join us on October 7 for heaps of fun and, of course, loads of pie and ice cream!

ECEC SUPPORTS LOCAL YOUTH DURING LIVESTOCK AUCTION

Eau Claire Energy Cooperative is a longtime, proud supporter of the Eau Claire County Fair and the Eau Claire County Livestock Auction. Representatives from the ECEC Board of Directors attend the auction each year and bid on various livestock. This year, Andy Bourget and Frank Neibauer participated and purchased an animal raised by Emily Boone. Congratulations, Emily!

FREE & EASY ways to save energy

(Spoiler Alert: Your clothes and dishes won't know the difference)

Major home appliances account for approximately 16% of an average home's energy consumption.

16%

1. Run full loads of laundry instead of several smaller ones.
2. Use cold water to wash your clothes.

3. Keep your refrigerator at 35° to 38°F and your freezer at 0°F.
4. Regularly defrost manual-defrost freezers and refrigerators.

5. Skip the heat-dry setting on your dishwasher.
6. Fully load your dishwasher before washing.

7. When buying new appliances, consider Energy Star versions.
8. Unplug appliances you're not using.

Time to replace that old appliance? Replacing older versions with energy-efficient models can save the average household more than \$500 per year.
